

FAmily planning and Multiple Sclerosis

FAMS

Are you a health care professional providing clinical care to women or men with multiple sclerosis?

We are interested in hearing your perspectives and experiences about the role of healthcare professionals with respect to family planning (contraception, fertility, pregnancy, and postpartum care) in those living with multiple sclerosis.

Participants will be asked to take part in a phone/ZOOM or face to face interview (30 minutes ET)

For details, you can scan the QRcode or click the link below or contact Anna Fragkoudi on 0478 565 345 or at anna.fragkoudi@adelaide.edu.au

Are you a:
Neurologist
MS nurse
General Practitioner
Obstetrician/Gynaecologist
Fertility Specialist
