

Research Opportunity

We're listening
Share your healthcare experiences

We're inviting people aged 18 years and over with **Multiple Sclerosis (MS)** or **Inflammatory Bowel Disease (IBD)** to take part in an interview.

We want to hear about your experiences of diagnosis and management within the Australian healthcare system.

By sharing your story, you can help inform improvements to healthcare in Australia.

What's involved:

- A short **online survey** (about 10 minutes) about your demographic and health information to check your eligibility.
- If you're eligible, you'll be invited to take part in a one-hour **online interview** about your healthcare experiences.

Scan the QR code or copy and paste the link (bit.ly/4ovZyIC) to access the Plain Language Statement and complete the short survey.
