

Mental Health Treatment Priorities for Multiple Sclerosis

Call for Research Participants

Aged 18+ years

We are looking for the following groups of people to complete a survey about mental health treatment priorities for people living with Multiple Sclerosis:

- People living with Multiple Sclerosis
- Family members, friends, and carers of someone with MS
- Health professionals who work with people living with MS

As a participant, you will be asked to complete an **online survey** that is expected to take between 20-30 minutes.

To participate or for further information, please contact:
